

Institut International presents

A two-day, interactive workshop that examines the almost lost art, of being a gentleman. Easy skills that set you apart from the average man, right at your fingertips if you know what to look for.

Gain fresh insight on the impact of dressing with style, the power of civility, the art of conversation, how to perfect your dining skills to look like a diplomat and more.

This dynamic workshop is for men 18 years and older who want to be remembered, not just noticed.

“Being a male is a matter of birth, being a man is a matter of age, but being a gentleman is a matter of choice.”
